

Index to Volume 54

January — June 1974

The first figure indicates the issue; the second figure indicates the page.

ABERCROMBIE, G F Carcinoma of the prostate	1: 16	Breast tumour with skeletal metastases, urinary hydroxyproline and leucocyte ascorbic acid levels in (T K Basu, R W Raven, and D C Williams) (abstract)	6: 273
ALEXANDER-WILLIAMS, J Loop ileostomy and colostomy for faecal diversion	3: 141	Britain-Nepal Medical Trust (J S Cunningham)	4: 200
Anaesthetists, Faculty of	2: 99	BRITISH ASSOCIATION OF SURGICAL ONCOLOGY, Second Scientific Meeting (abstracts)	6: 269
Anastomoses, small-bowel, breakdown after pelvic radiotherapy (J M Wellwood, B T Jackson, and Thelma T Bates)	6: 306	BUCK, A C, CHISHOLM, G D, MERRICK, M V, and LAVENDER, J P Long-term follow-up of fluorine-18 bone scans in carcinoma of the prostate (abstract)	6: 272
Andrew Fleming Hospital, Salisbury, Rhodesia (J Whitehead)	6: 313	BURN, J I—see LUNDH, G	
Annual meeting	3: 151	Butyl cyanoacrylic cement, a technique for using, in cardiac surgery (J L Mercer and S Williams)	4: 194
Appointments of Fellows and Members to consultant and similar posts	1: 51; 2: 98; 5: 264; 6: 318	Cancer, intestinal healing in (R J Stewart, J I MacNaughton, and R S Thorley) (abstract)	6: 269
Arnott Demonstration		Cancer, the selective effect of heat in (D S Muckle)	2: 72
Dobson, Jessie	2: 84	Carcinoma of the prostate (G F Abercrombie)	1: 16
Arris and Gale Lecture		Chemotherapy in breast cancer (G A Edl-styn and K D Macrae) (abstract)	6: 275
Jackson, B T	1: 3	Chest injuries (G Keen)	3: 124
Barber into surgeon (Jessie Dobson)	2: 84	CHISHOLM, G D—see BUCK, A C	
BASU, T K, RAVEN, R W, and WILLIAMS, D C Urinary hydroxyproline and leucocyte ascorbic acid levels in patients bearing breast tumour with skeletal metastases (abstract)	6: 273	College Charter	1: 50
BATES, Thelma T—see WELLWOOD, J M		College finances (R S Handley)	3: 156
Biliary tract symptoms, minilaparotomy in diagnosis of (M Mehta and L R M Del Guercio)	6: 301	College news	1: 49; 2: 93; 3: 150; 4: 202; 5: 261; 6: 316
Biomedical engineering in vascular surgery (L T Cotton)	1: 22	Congenital cardiac defects, early correction, using profound hypothermia and circulatory arrest (S Subramanian)	4: 176
Bone scans, fluorine-18, in carcinoma of prostate (A C Buck, G D Chisholm, M V Merrick, and J P Lavender) (abstract)	6: 272	COTTON, L T Biomedical engineering in vascular surgery	1: 22
Bone tumours and their management (R Sweetnam)	2: 63	Craniotomy, emergency (H H Gossman)	2: 78
Books and pamphlets added to the Library	2: 101	CUNNINGHAM, J S The Britain-Nepal Medical Trust	4: 200
Books, notes on	2: 105; 3: 162; 5: 265	Defibrination, inhibition of experimental metastases by (D G Jagelman) (abstract)	6: 271
Brain tumours, photodynamic effect on (R Hayward) (abstract)	6: 272		
Breast cancer, chemotherapy in (G A Edl-styn and K D Macrae) (abstract)	6: 275		
Breast cancer, screening (E N Gleave) (abstract)	6: 274

Index to Volume 55

July - December 1974

The first figure indicates the issue; the second figure indicates the page.

ALLGOWER, M, STADTLER, K, and SCHOENENBERGER, G A Burn sepsis and burn toxin	5:226	Curriculum, changing medical, place of surgery (R Y Calne)	6:307
American surgery after Watergate (A P Barabas)	2:99	Dental Surgery, Faculty of	3:152; 4:209
Anaesthetists, Faculty of	3:156; 5:256	Diary	2:110; 3:158; 4:210; 5:262; 6:314
Appointments of Fellows and Members to consultant and similar posts	1:49; 4:209	Diverticular disease, colonic, general peritonitis and haemorrhage complicating (R E B Tagart)	4:175
ARNOLD, E P Videocystography with synchronous detrusor pressure and flow rate recordings	2:90	Donations	1:44; 2:105; 3:149; 4:200; 5:256; 6:310
BARABAS, A P American surgery after Watergate	2:99	DULAKE, L Thomas Martin FRCS	1:39
BEVAN, P G The surgeon as teacher, counsellor, and politician	3:143	Duodenal ulcer, choosing an operation for (A G Cox)	3:124
Bile duct, common, technique of transduodenal exploration (A L G Peel, J Hermon-Taylor, and H D Ritchie)	5:236	Editorial (R M Kirk)	1:1
Bonesetter to orthopaedic surgeon (G Thomas)	3:134; 4:190	Ethical responsibility (International Federation of Surgical Colleges Symposium)	1:55
Books, notes on	1:52; 3:158; 5:262; 6:315	EVERETT, W G Sutures, incisions, and anastomoses	1:31
Brain, bullet injuries (H A Crockard)	3:111	Fellows of fifty years standing	6:313
BROWN, A D G—see ARNOLD, E P		Gastritis, erosive, with special reference to the role of aspirin and bile (K W Reynolds)	5:213
Bullet injuries of the brain (H A Crockard)	3:111	Gilbert's syndrome in patients with gall-bladder stones (A L G Peel and H D Ritchie)	4:184
Burn sepsis and burn toxin (M Allgower, K Städtler, and G A Schoenenberger)	5:226	HERMON-TAYLOR, J—see PEEL, A L G	
CALNE, R Y The place of surgery in a changing medical curriculum	6:307	HOBBSLEY, M Primary FRCS (Eng) I Evaluation of assessment techniques	4:161
CAPENER, N Observables in silver	5:253	HODGSON, J Transverse taeniamyotomy	2:80
CHISHOLM, G D Malignant disease of the kidney	1:21	Holiday lectures for young people	5:261; 6:314
College news	1:44; 2:104; 3:148; 4:200; 5:256; 6:310	Honours conferred on Fellows and Members	2:105
Consultants in surgery, criteria	4:205	Hunterian Lectures	
Council, election to	3:152	Crockard, H A	3:111
Council meetings	1:44; 2:104; 3:148; 4:200; 6:310	Reynolds, K W	5:213
Council visit to Belfast	2:106	Sreenivasan, G	1:3
Court of Patrons, admissions to	1:45	Hyperthermia as a teratogenic agent (D Poswillo, H Nunnerley, D Sopher, and J Keith)	4:171
Cox, A G Choosing an operation for duodenal ulcer	3:124	In Memoriam	
CROCKARD, H A Bullet injuries of the brain	3:111	Sir Wilfred Fish	3:150
		Naguib Mahfouz	6:313
		Sir Victor Ewings Negus	4:201
		Thomas Talmage Read	5:257
